Dear Don:

"What Makes the Great Ones Great" was the best keynote presentation we have had in many years. It was the perfect blend of humor, emotion and insight into several of the great ones you have met. We could not have been more pleased.

On behalf of the members of Central Illinois Builders, we thank you for greatly adding to the success of our 53rd Annual Meeting. Our best wishes to you and your family for the holidays and in 2008.

Sincerely,

Dennis W. Larson
Executive Vice President
